## THE PILLARS OF LENT

Pope Francis chose the theme Pilgrims of Hope for Jubilee Year 2025, ever aware that our world has been in exile, and we're all making our way back.

The road we're on invites us into the desert, the wilderness within, to do battle. It can be a time for coming to understand more deeply the destructive power of sin, and the life-giving power of grace. We need to see how we've gotten into this mess, and how we can't get out of it.

What really changes people? Where's the power that liberates, heals and saves?

The day will include 3 talks discussing the Pillars of Lent, group sharing, lunch and Mass.

**Reserve your seat early! Cost is \$45/person.**
